

CLINICIAN AND PATIENT TRAVEL REIMBURSEMENT DETAILS AND REQUEST FORM

Veritas Meeting Solutions is pleased to announce that a limited number of travel reimbursement grants are available for clinicians and patients wishing to participate in the FDA Patient-Focused Drug Development Public Meeting and Scientific Workshop on Female Sexual Dysfunction (FSD). The patient portion of the public meeting is being held on October 27th from noon -5:00pm.

This meeting is part of the FDA's Patient-Focused Drug Development initiative that involves obtaining a better understanding of patients' perspectives on the severity of their disease and the available therapies for their condition. The goal of the FSD meeting is to hear patient perspectives on the impact of the most common form of FSD, female sexual interest/arousal disorder (FSIAD) or hypoactive sexual desire disorder (HSDD), on daily life and on current available approaches to treat the condition. In order to help achieve this goal, which is an integral part of the FDA's Patient-Focused Drug Development initiative, Veritas is working to identify and invite women who can share their perspective at the public meeting. As part of that, Sprout acknowledges the importance of the patient voice at the meeting, and through a grant, they are helping to provide support for patient travel expenses to/from the meeting. The grant is solely for reimbursement of travel expenses and will not provide compensation for time away or any other fee for services.

FIRST NAME: _____ **LAST NAME:** _____

STREET ADDRESS: _____

CITY, STATE, ZIP: _____

EMAIL ADDRESS: _____ **CELL PHONE NUMBER:** _____

HAVE YOU BEEN DIAGNOSED WITH FEMALE SEXUAL DYSFUNCTION? _____

HAVE YOU REGISTERED ALREADY TO ATTEND THE PUBLIC HEARING ON THE FDA WEBSITE?

____ **YES**

____ **NO** If not, the Veritas office can assist you in the registration process.

Patient-Focused Drug Development Public Meeting and Scientific workshop on Female Sexual Dysfunction

FDA is conducting a Patient-Focused Drug Development public meeting and scientific workshop on Female Sexual Dysfunction (FSD) on October 27 and October 28.

Day 1 – October 27th Patient-Focused Drug Development Public Meeting

FDA is interested in obtaining patient input on:

1. The impact of the most common form of FSD, female sexual interest/arousal disorder (FSIAD) on daily life
2. Patients' views on currently available therapies to treat the condition

Day 2 – October 28th Scientific Workshop

The scientific workshop will include discussion on scientific challenges related to:

1. Diagnosis of the condition for clinical trials and in clinical practice
2. Ensuring valid patient-reported outcome measures for the key efficacy endpoints used in clinical trials

This website will be updated as meeting materials are developed.
